For purposes of this report, account performance is calculated in terms of time-weighted return. Morningstar defines time-weighted return as "a measure of the compound rate of growth in a portfolio." Account performance data herein reflects the reinvestment of dividends and is net of applicable commissions, transaction fees, all investment management fees and any other related account expenses. Past performance is not indicative of future results and does not guarantee future positive returns. Performance results have been calculated and compiled solely by Sontag Advisory LLC and are based upon information provided by the account custodian. The results have not been independently verified. Note: Please contact Sontag Advisory LLC if there are any changes in your financial situation, investment objectives or if you wish to add or modify any reasonable restrictions to the management of your account. Our current disclosure statement as set forth on Part 2A of the ADV Brochure is available for review upon your request at any time. The ADV Brochure contains important information about our firm, the fees and any potential conflicts of interest that may apply to your advisory account.

For purposes of this report, account performance is calculated in terms of time-weighted return. Morningstar defines time-weighted return as "a measure of the compound rate of growth in a portfolio." Account performance data herein reflects the reinvestment of dividends and is net of applicable commissions, transaction fees, all investment management fees and any other related account expenses. Past performance is not indicative of future results and does not guarantee future positive returns. Performance results have been calculated and compiled solely by Sontag Advisory LLC and are based upon information provided by the account custodian. The results have not been independently verified. Note: Please contact Sontag Advisory LLC if there are any changes in your financial situation, investment objectives or if you wish to add or modify any reasonable restrictions to the management of your account. Our current disclosure statement as set forth on Part 2A of the ADV Brochure is available for review upon your request at any time. The ADV Brochure contains important information about our firm, the fees and any potential conflicts of interest that may apply to your advisory account.

For purposes of this report, account performance is calculated in terms of time-weighted return. Morningstar defines time-weighted return as "a measure of the compound rate of growth in a portfolio." Account performance data herein reflects the reinvestment of dividends and is net of applicable commissions, transaction fees, all investment management fees and any other related account expenses. Past performance is not indicative of future results and does not guarantee future positive returns. Performance results have been calculated and compiled solely by Sontag Advisory LLC and are based upon information provided by the account custodian. The results have not been independently verified. Note: Please contact Sontag Advisory LLC if there are any changes in your financial situation, investment objectives or if you wish to add or modify any reasonable restrictions to the management of your account. Our current disclosure statement as set forth on Part 2A of the ADV Brochure is available for review upon your request at any time. The ADV Brochure contains important information about our firm, the fees and any potential conflicts of interest that may apply to your advisory account.

Cost Basis - the original amount paid for a security, including the amount of reinvested dividends and capital gains, plus or minus certain adjustments. See last page of statement for details. Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EY reflects only the income generated by an investment; it does not reflect changes in its price, which may fluctuate. For certain types of securities, EAI and EY could include the return of principal or capital gains which would render them overstated. EAI and EY are estimates provided for informational purposes only and should not be relied on for making investment, trading, or tax decisions. There is no guarantee that your investments will actually generate the EAI or EY presented. Actual income and yield might be lower or higher. EAI and EI should not be confused with a security's 30-day Yield or 7-day Yield, if provided, as such yield quotations reflect the actual historical performance of a security. For additional information, including calculation details, refer to the "Additional Information and Endnotes" section at the end of your statement.

**Total**

All positions held in cash account unless indicated otherwise.  
 Cost Basis - the original amount paid for a security, including the amount of reinvested dividends and capital gains, plus or minus certain adjustments. See last page of statement for details. Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.  
 Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EY reflects only the income generated by an investment; it does not reflect changes in its price, which may fluctuate. For certain types of securities, EAI and EY could include the return of principal or capital gains which would render them overstated. EAI and EY are estimates provided for informational purposes only and should not be relied on for making investment, trading, or tax decisions. There is no guarantee that your investments will actually generate the EAI or EY presented. Actual income and yield might be lower or higher. EAI and EY should not be confused with a security's 30-day Yield or 7-day Yield, if provided, as such yield quotations reflect the actual historical performance of a security. For additional information, including calculation details, refer to the "Additional Information and Endnotes" section at the end of your statement.

All positions held in cash account unless indicated otherwise.

Cost Basis - the original amount paid for a security, including the amount of reinvested dividends and capital gains, plus or minus certain adjustments. See last page of statement for details. Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EY reflects only the income generated by an investment; it does not reflect changes in its price, which may fluctuate. For certain types of securities, EAI and EY could include the return of principal or capital gains which would render them overstated. EAI and EY are estimates provided for informational purposes only and should not be relied on for making investment, trading, or tax decisions. There is no guarantee that your investments will actually generate the EAI or EY presented. Actual income and yield might be lower or higher. EAI and EY should not be confused with a security's 30-day Yield or 7-day Yield, if provided, as such yield quotations reflect the actual historical performance of a security. For additional information, including calculation details, refer to the "Additional Information and Endnotes" section at the end of your statement.

## INVESTMENT ADVISORY PROGRAM

February 28, 2015 - March 31, 2015

We encourage you to contact your Financial Advisor(s) if there have been any changes in your financial situation or investment objectives, or if you wish to impose any reasonable restrictions on the management of your account(s) or reasonably modify existing restrictions.

Upon your request, and at no charge, we will provide to you more detailed information regarding the Program Fees that you pay to Merrill Lynch. Please contact your Financial Advisor(s) if you would like to request this detailed Account fee information.

If you would like to receive a free copy of the current Form ADV Brochure(s) for the Investment Advisory Program, please send a written request with your account number(s) to: Managed Accounts Processing and Services, 4800 Deer Lake Drive West, Building 1, 3rd Fl., Jacksonville, FL 32246. You may also obtain a copy of the Investment Advisory Program Form ADV Brochure(s) by accessing the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov).

As part of our program, we provide you with periodic performance measurement reports to help you monitor and assess the performance of your account(s). Should you have any questions regarding these reports or would like performance measurement reports on a more frequent basis, please contact your Financial Advisor(s).

<b>TOTAL</b>					

Total Client Investment: Cost of shares directly purchased and still held. Does not include shares purchased through reinvestment.  
 Cumulative Investment Return: Estimated Market Value minus Total Client Investment.  
 Cumulative Investment Return is the dollar value of the capital appreciation (depreciation) of all shares purchased and still held, including shares acquired through reinvestment of dividends and distributions, which may be greater or less than the actual income distributed.

Unrealized Gain or (Loss): Estimated Market Value minus Total Cost Basis (total cost of shares directly purchased and still held, as well as cost of shares acquired through reinvestment). Provided for Tax Planning purposes only and is not applicable to retirement accounts.  
 Initial Purchase: Date of your initial investment in this fund.

Market Timing: Merrill Lynch's policies prohibit mutual fund market timing, which involves the purchase and sale of mutual fund shares within short periods of time with the intention of capturing short-term profits resulting from market volatility. Market timing may result in lower returns for long-term fund shareholders because market timers capture short-term gains that would otherwise pass to all shareholders and due to increased transaction costs and fewer assets for investment due to the need to retain cash to satisfy redemptions.

Sales Charge Discounts or Waivers: Many funds offer various sales charge discounts or waivers depending on the terms of the prospectus and/or statement of additional information. You should consult a fund's prospectus and/or statement of additional information to determine whether you may qualify for a discount or waiver. Notify your Financial Advisor, Financial Solutions Advisor or Investment Center representative if you believe you qualify for any of these or any other discounts or waivers. Please contact your Financial Advisor, Financial Solutions Advisor or Investment Center representative for further information on available sales charge discounts and waivers.

Some prices, current values and income estimates may be approximations, resulting in gains and losses not being accurately reflected. Unrealized gains and/or losses are computed from the supplied cost basis data and may not be accurate for tax reporting purposes. Items for which a cost basis was not available as of the statement period ending date are indicated by the symbol N/A. The total gains and/or losses do not reflect positions which we do not have cost information. Please contact your Financial Advisor if you believe any cost basis related data is inaccurate or if you require additional information.

Estimated Annual Income ("EAI") and Estimated Yield ("EY") are estimates only and do not indicate actual income or performance of investments. EAI and EY for certain types of securities could include a return of principal or capital gains, in which case the EAI and EY would be overstated. As EAI and EY are estimates, the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment and it does not reflect changes in its price, which may fluctuate.

**Advantage Bank Deposits (NOT COVERED BY SIPC)**

As described in the ABD Program's Terms & Conditions, the current yield is based on the average daily balance during the prior month's interest cycle, interest cycles run from mid-month to mid-month. Client may elect to liquidate any cash investment option at any time by contacting his/her Financial Advisor.

**Fixed Income**

For tax reporting purposes, Fixed Income ADJUSTED COST reflects calculations using the "Straight-Line Basis" to reflect amortization of cost for Fixed Income securities purchased at a premium and/or accretion of cost for Fixed Income securities purchased at a discount. The formula is not applied to Foreign Bonds or Certificates of Deposit

Estimated Annual Income ("EAI") and Estimated Yield ("EY") are estimates only and do not indicate actual income or performance of investments. EAI and EY for certain types of securities could include a return of principal or capital gains, in which case the EAI and EY would be overstated. As EAI and EY are estimates, the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment and it does not reflect changes in its price, which may fluctuate.

**Fixed Income**

For tax reporting purposes, Fixed Income ADJUSTED COST reflects calculations using the "Straight-Line Basis" to reflect amortization of cost for Fixed Income securities purchased at a premium and/or accretion of cost for Fixed Income securities purchased at a discount. The formula is not applied to Foreign Bonds or Certificates of Deposit.
